

One Carefree Night

A short documentary shot in South Africa. We follow four teenagers growing up in Manenberg, a suburb of Cape Town, where gangsters roam and drug use is rampant. Lauren-Lee, Ryaad, Cameron and Cohen are among the few teens who still attend school. They hope a high-school diploma will get them out of Manenberg. But there's another promise that keeps them attending: senior prom. They save up all year to rent a fancy car and to buy ball gowns and tuxedos. The post-exam prom is their Cinderella moment: one magical evening when the dream of escaping their bleak reality seems like it just might come true.
