From The Web – openculture.com

Open Culture brings together high-quality cultural & educational media for the worldwide lifelong learning community. Web 2.0 has given us great amounts of intelligent audio and video. It’s all free. It’s all enriching. But it’s also scattered across the web, and not easy to find. Our whole mission is to centralize this content, curate it, and give you access to this high quality content whenever and wherever you want it. Free audio books, free online courses, free movies, free language lessons, free ebooks and other enriching content — it’s all here. Open Culture was founded in 2006.
