[Empower Shack](#) from [Urban-Think Tank](#) on [Vimeo](#).

The Empower Shack project is directed by [Urban-Think Tank](#) and the local NGO [Ikhayalami](#) in collaboration with the BT-Section community and associated local and international partners. The project aims to develop a comprehensive and sustainable informal settlement upgrading through addressing there core components:

- a two-story housing prototype,
- participatory spatial planning,
- ecological landscape management,
- integrated livelihoods programming,

There is an ongoing pilot phase is focused on a cluster of 68 houses within the BT-Section of Khayelitsha to be completed in 2017.
