

From The Web - Longreads - The Best Long-Form Stories On The Web

Longreads are changing the way people read online.

They're stories that are best enjoyed away from your desk — whether it's on a daily commute, an airplane, a subway, or your couch. It's in-depth stories, perfect for the iPad, iPhone or Kindle, and apps like Read It Later, Flipboard and Instapaper.

Longreads posts links to new stories every day — they include long-form journalism, magazine stories from your favorite publications (The New Yorker, Esquire, The Atlantic), short stories, interview transcripts, and even historical documents. (For the record: Longreads are typically more than 1,500 words.)
