

Moladi ~ Conventional Building Methods Not Suited To African Conditions

Housing and construction systems developer Moladi says its low-cost housing system, comprising plastic formwork panels and a cement admixture, is widely embraced throughout Africa, as it has been specifically designed to meet the requirements of the African market.

Moladi founder and CEO Hennie Botes says the system alleviates challenges associated with conventional building methods, including excessive costs, labour-intensive processes and the availability of materials. He notes that while the aforementioned challenges are not specific to African countries, they are exacerbated by other uniquely African obstacles.
