ca.shine.yahoo.com. November 2014. You've seen models of small houses before, but wouldn't it be nice to see tiny homes in action? Ahead, we've rounded up pictures with the #tinyhousemovement hashtag on Instagram. What is the tiny house movement, you ask? A trend where people live in teeny homes on wheels that measure anywhere from one square meter to 700 square feet - the whole point is that they're affordable, movable, environmentally friendly, and most of all, perfect for living a simple life. As these photos prove, they're pretty darn attractive, too.
