

# From the Web - The World Atlas of Language Structures

THE WORLD ATLAS  
OF LANGUAGE STRUCTURES  
ONLINE

*The World Atlas of Language Structures (WALS)* is a large database of structural (phonological, grammatical, lexical) properties of languages gathered from descriptive materials (such as reference grammars) by a team of 55 authors (many of them the leading authorities on the subject).

The first version of *WALS* was published as a book with CD-ROM in 2005 by Oxford University Press. The first online version was published in April 2008. Both are superseded by the current online version, published in April 2011.

*WALS Online* is a joint effort of the Max Planck Institute for Evolutionary Anthropology and the Max Planck Digital Library.

It is a separate publication, edited by Dryer, Matthew S. & Haspelmath, Martin (Munich: Max Planck Digital Library, 2011)

ISBN: 978-3-9813099-1-1. The main programmer is Robert Forkel.
